

Maternal-Fetal Medicine

MF1	Nonobstetric Complications of Pregnancy	Primary Category
MF1.1	Nonobstetric Medical Complications	Subcategory
MF1.1.A	Evaluate, diagnose, manage, and provide counseling/consultation on mental health and substance use disorders in obstetric patients	Task Statement
MF1.1.B	Evaluate, diagnose, manage, and provide counseling/consultation on neurologic disorders in obstetric patients	Task Statement
MF1.1.C	Evaluate, diagnose, manage, and provide counseling/consultation on cardiovascular disorders in obstetric patients	Task Statement
MF1.1.D	Evaluate, diagnose, manage, and provide counseling/consultation on respiratory disorders in obstetric patients	Task Statement
MF1.1.E	Evaluate, diagnose, manage, and provide counseling/consultation on gastrointestinal disorders in obstetric patients	Task Statement
MF1.1.F	Evaluate, diagnose, manage, and provide counseling/consultation on genitourinary disorders in obstetric patients	Task Statement
MF1.1.G	Evaluate, diagnose, manage, and provide counseling/consultation on hematologic disorders in obstetric patients	Task Statement
MF1.1.H	Evaluate, diagnose, manage, and provide counseling/consultation on endocrine/metabolic disorders in obstetric patients	Task Statement
MF1.1.I	Evaluate, diagnose, manage, and provide counseling/consultation on rheumatologic and connective tissue disorders in obstetric patients	Task Statement
MF1.1.J	Evaluate, diagnose, manage, and provide counseling/consultation on malignancy complicating pregnancy	Task Statement
MF1.1.K	Evaluate, diagnose, manage, and provide counseling/consultation on infectious diseases in obstetric patients	Task Statement
MF1.2	Nonobstetric Surgical Complications	Subcategory
MF1.2.A	Evaluate, diagnose, co-manage, and provide counseling/consultation on traumatic surgical complications in obstetric patients	Task Statement
MF1.2.B	Evaluate, diagnose, co-manage, and provide counseling/consultation on emergent surgical conditions in obstetric patients	Task Statement
MF1.2.C	Evaluate, diagnose, co-manage, and provide counseling/consultation on nonemergent surgical conditions in obstetric patients	Task Statement
MF1.2.D	Evaluate, diagnose, co-manage, and provide counseling/consultation on postoperative complications in obstetric patients	Task Statement
MF2	Critical Care	Primary Category
MF2.1	Diagnosis and Evaluation of Critical Care Conditions	Subcategory
MF2.1.A	Evaluate, diagnose, co-manage, and provide counseling/consultation on critical care conditions in obstetric patients	Task Statement
MF2.1.B	Demonstrate knowledge of, interpret and provide counseling/consultation on hemodynamic and respiratory parameters in obstetric patients	Task Statement
MF2.1.C	Identify critically ill obstetric patients and facilitate transfer to higher level of care	Task Statement
MF2.1.D	Manage and provide counseling/consultation on antepartum, intrapartum, and postpartum care for critically ill obstetric patients	Task Statement
MF2.1.E	Demonstrate knowledge of, co-manage, and provide counseling/consultation on medications and biologics in critically ill obstetric patients	Task Statement
MF2.1.F	Evaluate, diagnose, manage, and provide counseling/consultation on massive obstetric hemorrhage	Task Statement
MF2.1.G	Evaluate, diagnose, manage, and provide counseling/consultation on obstetric coagulopathy	Task Statement
MF2.1.H	Evaluate, diagnose, manage, and provide counseling/consultation on sepsis in obstetric patients	Task Statement
MF3	Obstetric Complications	Primary Category
MF3.1	Preterm Labor and Preterm Premature Rupture of Membranes (PPROM)	Subcategory
MF3.1.A	Identify risk factors and provide counseling/consultation on risk reduction strategies for preterm birth	Task Statement
MF3.1.B	Provide counseling/consultation on prognosis and management of periviability	Task Statement
MF3.1.C	Evaluate, diagnose, manage, and provide counseling/consultation on PPRM	Task Statement
MF3.1.D	Evaluate, diagnose, manage, and provide counseling/consultation on preterm labor and delivery	Task Statement
MF3.1.E	Evaluate, diagnose, manage, and provide counseling/consultation on cervical insufficiency	Task Statement
MF3.2	Hypertensive Disorders	Subcategory
MF3.2.A	Evaluate, diagnose, manage, and provide counseling/consultation on primary and secondary hypertensive disease in pregnancy	Task Statement
MF3.2.B	Evaluate, diagnose, manage, and provide counseling/consultation on preeclampsia, eclampsia, and other related complications	Task Statement

MF3.2.C	Evaluate, diagnose, manage, and provide counseling/consultation/differential diagnosis of preeclampsia imitators	Task Statement
MF3.2.D	Demonstrate knowledge of and provide counseling/consultation on recurrence risk and lifelong risks and sequelae of hypertensive disorders	Task Statement
MF3.3	Multiple Gestation	Subcategory
MF3.3.A	Evaluate, diagnose, manage, and provide counseling/consultation on multiple gestations	Task Statement
MF3.3.B	Evaluate, diagnose, manage, and provide counseling/consultation on chorionicity	Task Statement
MF3.3.C	Evaluate, diagnose, manage, and provide counseling/consultation on amnionicity	Task Statement
MF3.3.D	Evaluate, diagnose, manage, and provide counseling/consultation on fetal complications of twin gestation	Task Statement
MF3.3.E	Evaluate, diagnose, manage, and provide counseling/consultation on high-order multiple gestations	Task Statement
MF3.3.F	Evaluate, diagnose, manage, and provide counseling/consultation on indications and risks associated with fetal reduction	Task Statement
MF3.4	Fetal Death	Subcategory
MF3.4.A	Evaluate, diagnose, manage, and provide counseling/consultation for patients with a current fetal death	Task Statement
MF3.4.B	Demonstrate knowledge of and provide counseling/consultation on bereavement after fetal death and postpartum depression	Task Statement
MF3.4.C	Evaluate, manage, and provide counseling/consultation for patients with a history of fetal death	Task Statement
MF3.5	Obstetric Anesthesia	Subcategory
MF3.5.A	Demonstrate knowledge of, co-manage, and provide counseling/consultation on anesthetic options for medically complicated obstetric patients, including benefits, risks, and contraindications	Task Statement
MF3.5.B	Diagnose, co-manage, and provide counseling/consultation on anesthetic complications in obstetric patients	Task Statement
MF3.6	Obstetric Medical Complications	Subcategory
MF3.6.A	Evaluate, diagnose, manage, and provide counseling/consultation on amniotic fluid embolism	Task Statement
MF3.6.B	Evaluate, diagnose, manage, and provide counseling/consultation on acute fatty liver of pregnancy	Task Statement
MF3.6.C	Evaluate, diagnose, manage, and provide counseling/consultation on cholestasis of pregnancy	Task Statement
MF3.6.D	Evaluate, diagnose, manage, and provide counseling/consultation on uterine malformations (eg, leiomyomas, congenital anomalies, arteriovenous malformations, isthmocele)	Task Statement
MF3.6.E	Evaluate, diagnose, manage, and provide counseling/consultation on dermatologic conditions in obstetric patients	Task Statement
MF3.6.F	Evaluate, diagnose, manage, and provide counseling/consultation on fetal malpresentation	Task Statement
MF3.6.G	Evaluate, diagnose, manage, and provide counseling/consultation on recurrent pregnancy loss	Task Statement
MF3.6.H	Demonstrate knowledge of, manage, and provide counseling/consultation on pregnancies resulting from assisted reproductive technology	Task Statement
MF3.7	Obstetric Surgical Complications	Subcategory
MF3.7.A	Evaluate, diagnose, manage, and provide counseling/consultation on placental abruption	Task Statement
MF3.7.B	Evaluate, diagnose, manage, and provide counseling/consultation on placenta accreta spectrum	Task Statement
MF3.7.C	Evaluate, diagnose, manage, and provide counseling/consultation on gestational trophoblastic disease	Task Statement
MF3.7.D	Evaluate, diagnose, manage, and provide counseling/consultation on ruptured uterus	Task Statement
MF3.7.E	Evaluate, diagnose, manage, and provide counseling/consultation on ovarian masses in obstetric patients	Task Statement
MF3.7.F	Evaluate, diagnose, manage, and provide counseling/consultation on ectopic pregnancy (eg, abdominal, cervical, cesarean scar)	Task Statement
MF3.7.G	Demonstrate knowledge of, recognize indications for, and provide counseling/consultation on methods of pregnancy termination	Task Statement
MF4	Fetal Complications and Prenatal Diagnosis	Primary Category
MF4.1	Ultrasonography	Subcategory
MF4.1.A	Demonstrate knowledge of and provide counseling/consultation on the principles and bio-effects of ultrasonography (eg, ALARA, mechanical index, thermal index, Doppler)	Task Statement
MF4.1.B	Demonstrate knowledge of and provide counseling/consultation on the ergonomics of performing ultrasonography	Task Statement
MF4.1.C	Demonstrate knowledge of, interpret, and provide counseling/consultation on normal and abnormal first-trimester ultrasonography	Task Statement
MF4.1.D	Demonstrate knowledge of, interpret, and provide counseling/consultation on normal and abnormal second- and third-trimester ultrasonography	Task Statement
MF4.1.E	Evaluate, diagnose, and provide counseling/consultation on soft markers for aneuploidy	Task Statement
MF4.1.F	Demonstrate knowledge of and provide counseling/consultation on the limitations of ultrasonography (eg, fetal growth, placenta accreta spectrum, obesity, CNS abnormalities)	Task Statement

MF4.1.G	Evaluate, diagnose, manage, and provide counseling/consultation on abnormal umbilical cord and placental anatomy	Task Statement
MF4.1.H	Evaluate, diagnose, and provide counseling/consultation on abnormal maternal uterine and ovarian anatomy	Task Statement
MF4.1.I	Demonstrate knowledge of, recognize indications for, interpret, and provide counseling/consultation on Doppler studies in obstetric patients	Task Statement
MF4.1.J	Demonstrate knowledge of, recognize indications for, interpret, and provide counseling/consultation on cervical length assessment	Task Statement
MF4.1.K	Evaluate, diagnose, manage, and provide counseling/consultation on amniotic fluid disorders, and demonstrate knowledge of amnioreduction	Task Statement
MF4.1.L	Demonstrate knowledge of, recognize indications for, interpret, and provide counseling/consultation on fetal echocardiography	Task Statement
MF4.1.M	Evaluate, diagnose, manage, and provide counseling/consultation on fetomaternal hemorrhage	Task Statement
MF4.2	Fetal Complications	Subcategory
MF4.2.A	Evaluate, diagnose, manage, and provide counseling/consultation on abnormal fetal anatomy	Task Statement
MF4.2.B	Evaluate, diagnose, co-manage, and provide counseling/consultation on fetal arrhythmia	Task Statement
MF4.2.C	Evaluate, diagnose, manage, and provide counseling/consultation on fetal growth abnormalities	Task Statement
MF4.2.D	Evaluate, diagnose, manage, and provide counseling/consultation on genetic disorders associated with fetal anomalies	Task Statement
MF4.2.E	Evaluate, diagnose, manage, and provide counseling/consultation on fetal hydrops	Task Statement
MF4.2.F	Evaluate, diagnose, manage, and provide counseling/consultation on isoimmunization	Task Statement
MF4.2.G	Evaluate, diagnose, manage, and provide counseling/consultation on alloimmune thrombocytopenia	Task Statement
MF4.2.H	Evaluate, diagnose, manage, and provide counseling/consultation on congenital fetal infections	Task Statement
MF4.2.I	Demonstrate knowledge of, recognize indications for, and provide counseling/consultation on chorionic villus sampling and amniocentesis	Task Statement
MF4.2.J	Demonstrate knowledge of, recognize indications for, and provide counseling/consultation on cordocentesis and fetal transfusion	Task Statement
MF5	Genetics	Primary Category
MF5.1	Maternal Genetics	Subcategory
MF5.1.A	Obtain and interpret a genetic history and three-generation pedigree, and provide genetic counseling/consultation for Mendelian and non-Mendelian patterns of inheritance	Task Statement
MF5.1.B	Demonstrate knowledge of and provide counseling/consultation on expanded, pan-ethnic, and ethnicity-based carrier screening	Task Statement
MF5.2	Fetal Genetics	Subcategory
MF5.2.A	Demonstrate knowledge of and provide counseling/consultation on the benefits and limitations of preimplantation genetic testing	Task Statement
MF5.2.B	Demonstrate knowledge of, recognize indications for, interpret, and provide counseling/consultation on aneuploidy screening	Task Statement
MF5.2.C	Demonstrate knowledge of, recognize indications for, interpret, and provide counseling/consultation on prenatal diagnostic testing (eg, fetal karyotype, chromosomal microarray, biochemical and molecular testing, exome/genome sequencing)	Task Statement
